In 1858, Victoria was a tent city and the base for some 25,000 prospectors on their way to the Fraser River gold fields. When Vancouver Island was incorporated with mainland British Columbia in 1868, Victoria became the capital of the entire province.

Although it's a port city, Victoria is not as industrially oriented as Vancouver. The harbours, especially Inner Harbour, are dotted with pleasure craft, ferries and floatplanes. The city is renowned for its beautiful gardens, charming houses and very British feel.
